

## More Aid Offered To Students

New scholarship and fellowships will be offered commencing with the 1959-60 session, it has been announced by the University.

National Scholarships, in addition to the J. W. McConnell and Morris W. Wilson Memorial Scholarships, will be awarded by the University Scholarships Committee to enable outstanding students from all parts of Canada who would otherwise be unable to do so to attend McGill.

These will be awarded both to students entering undergraduate degree courses by means of matriculation examinations and to students entering any professional faculty of the University except the Faculty of Graduate Studies and Research. The undergraduate work of students entering the professional faculties of Medicine, Dentistry, Law, Divinity must have been completed at some other university.

### COVERS COSTS

The scholarships will be tenable for the period necessary to obtain a degree, and although the amount is dependent on need, it may be extended to the full costs of tuition, residence and board. National Scholarships will normally be awarded only to students residing outside the Montreal area, while Montreal students are covered by the existing University Entrance Scholarships.

Two of these National Scholarships have been made possible through the generosity of Mr. David Wolfson and will bear his name.

Application forms can be obtained from the Registrar and should be submitted on or before June 1.

### SCIENCE SCHOLARSHIPS

Also available will be the J. W. McConnell Scholarships in Science and Engineering. These scholarships, renewable each year, will be awarded to Canadian-born students who can show that they would be unable to attend McGill without financial aid.

The University Scholarships Committee will determine the amount to be awarded in each case and it will cover no more than the tuition fees plus the sessional charge made by a University residence.

Application forms, obtainable at the Registrar's office, must be in by June 1.

In addition, a number of new Graduate Fellowships, with a value of \$1,200 plus tuition fees, will be available to students entering the Faculty of Graduate Studies and Research. Further information may be obtained from the Dean of the Faculty of Graduate Studies and Research.

## Twenty-One Run For Women's Union Posts

Twenty-one candidates will contest five Women's Union positions in the elections to be held Nov. 26. One post has been acclaimed.

The large total includes an unprecedented number of twelve candidates for the two positions open for non-resident Member-at-Large.

Running for Vice-President of the Women's Union are Heather Attridge, Ina Frismanis and Vita Land.

Candidates for the office of resident Member-at-Large (second or third year) are Maureen Appel, Peggy MacLean and Martha Plaxton.

Roz Saginur becomes Member-at-Large from first year by acclamation.

One W. A. A. representative from first year will be elected from the three candidates, Claudia Bierman, Bertha Kalifon, and Stephanie Nixon.

## What Goes on Behind the Green Door...

— Charles Kinghorn

Students' Executive Council members deliberate at a recent meeting of the Council. From left to right: Philip Bobrow (Architecture), Roger Phillips (Editor-in-Chief, McGill Daily), Zafar Khan (Students' Society Vice-President and Union President), Bryce Weir (President of the Students' Society). New faculty representatives will be elected November 26 to serve for the coming calendar year.

## MCWA Starts Tomorrow; Open Free To Public

At least 100 delegates from thirty North American universities will arrive tomorrow to attend the McGill Conference on World Affairs, whose topic this year is "Afro-Asia: the problems of Underdeveloped Countries."

Tickets for the McGill Conference on World Affairs are available today from the Union Box Office and from McGill Annual sales girls who will distribute them on the campus. Since only

a limited number of free tickets are available, students are advised to obtain their tickets as soon as possible.

Following registration the delegates will be taken on a tour of Montreal and will attend a reception in their honour at Royal Victoria College. The first plenary session will open at 8 pm with an address by the Hon. Lester B. Pearson in Redpath Hall, followed by a reception for the delegates at 3637 University Street. Visitors to the plenary sessions are advised to arrive on time as no latecomers will be admitted to any session after the time at which it is scheduled to begin.

### CONFERENCE PROGRAM

On Wednesday, the delegates will be divided into eight groups, each of which will hold two round table discussions. The papers of the various representatives will be featured at these meetings. On Thursday, the third and fourth round table discussions will be held, concluding this aspect of the program. Although the public is not admitted to these discussions, it is here that the main work of the Conference will be done. Each discussion will last two and a half hours.

The Second Plenary Session will take place at Redpath Hall at 8 pm Wednesday. It will feature a panel discussion on the topic "Afro-Asia and the Cold War." Panelists include Andrew Cordier, Dr. Hans J. Morganthau,

and J.N. Sahni, India's representative at the twelfth General Assembly of the United Nations. Keith Callard, Associate Professor of Political Science at McGill, will act as chairman.

On Thursday afternoon delegates will attend a reception at City Hall and will be welcomed by Mayor Sarto Fournier. Following a banquet at Douglas Hall they will gather at 9 pm in Redpath Hall for the Third Plenary Session, where Dr. Arthur Smithies, Professor of Political Science at Harvard, will speak from an economic point of view.

### FRIDAY SESSION

The fourth and final Plenary Session will convene at 10:15 am. Friday. Professor Keith Callard and Dr. Michael Brecher, both Associate Professors of Political Science at McGill, and Professor W.A. Smith, head of the Institute of Islamic Studies, will comment on a recorded interview between Conference Chairman Stuart Smith and V.K. Krishna Menon, Defence Minister of India. The conference will be concluded in the afternoon with an address by Sir Leslie Munro, former President of the United Nations General Assembly.

The Conference is receiving complete coverage in both English and French by the radio and television stations of Montreal. Interviews have been scheduled with delegates and members of the executive, and the principal speeches will be broadcast by all major radio stations.

This year's graduating class in Medicine have arranged to present their faculty with a gift of \$100,000 in twenty-five years. Every member of the class has agreed to participate.

A special investment committee consisting of Chairman, Robert Becker, Robert Fortune, George Cantley, Robert Midgely, and Bryce Weir, all med students, were elected to the Board of Governors for a term of five years. They will act as trustees for the fund.

The first payment was presented to Principal F. Cyril James at a special luncheon in the Royal Victoria Hospital dining room last Friday. Guests at the luncheon included Dr. L.G. Stevenson, Dean of Medicine, Dr. H.R. Robertson, Professor of Surgery, and Mr. G.E. Craig, Chairman of the Graduates' Society. In accepting the initial payment of Canada Savings Bonds, Dr. James remarked that this is the first McGill class to take this challenging step.

### ANNUAL GIFT

The plan, described by Investment Committee Chairman Robert Becker as "a new and unique step", was conceived by three members of the graduating class: Robert Becker, John Rosenberger, president of the Medical Undergraduate Society, and Robert Fortune, president of the class. Its purpose is to provide an endowment for the expansion of the Faculty of Medicine and to supplement the yearly gift of the Alma Mater Fund. If continued by future graduating classes, it would provide an annual gift equivalent to the interest on an endowment of two million dollars.

Although it is customary for graduates of a class to present a small gift at their twenty-fifth anniversary reunion, this is the first time a project of this size has been attempted at McGill. "In tribute to the excellent instruction we have been receiving at McGill and in recognition of the needs of the Medical Faculty", the class decided in their second year to make a substantial contribution to the University.

### FLEXIBLE PLAN

Under the present plan, an investment committee has been formed to decide on suitable investments. Although the first payment was in Canada Savings Bonds, this will not always be the case, as the committee plans to ensure flexibility by making various investments. According to Becker, an annual payment of "between ten and twenty-five dollars" from each graduate should fulfill the objective. On behalf of the Graduates' Society, Secretary D. Lorne Gales commented that it would be of great value if the graduates of other faculties adopted a similar scheme. The Medical Class of 1961 has already expressed interest in following their seniors' example.

## SEC Nominations

The deadline for nominations for representatives to the Students' Executive Council from

MUSIC & DIVINITY  
MEDICINE

is hereby extended to 4 pm

TODAY

Wilfred T. Hastings,  
Secretary-Treasurer,  
Students' Society.

# Students May Choose Engineers' Fall Queen

This year's Queen of the Engineers' Fall Informal Dance is to be chosen by popular ballot, it was announced yesterday. In past years the Queen was chosen by a committee of appointed judges.

Candidates for nomination may be from any faculty but must be third or fourth year students in good standing. Nominations must be signed by fifteen undergraduates and handed in at the Union Tuckshop not later than 5:00 pm on Thursday, November 19. Five finalists will be chosen from the nominees by a committee of judges meeting on Friday, November 20. Jimmy Tapp will be included among the judges.

The five finalists chosen will appear next week at ticket booths around the campus to solicit votes from the student body. These appearances are restricted to noon hours so as not to interfere with lectures. No other form of campaigning will be required.

Votes will be cast on the evening of the dance, Friday, November 27. A ballot will be printed on each ticket to the dance, making only those who buy tickets eligible to vote. The winner will be crowned during the evening and a surprise presentation will be made by a well-known entertainer. The new queen will reign until a successor is chosen next fall.

This year's dance, as usual, will be in cabaret style and will last from 9 pm to 1 am. A spokesman for the Engineering Undergraduate Society indicated "that the entertainment will be better than ever before. No effort is being spared by the EUS to make the event a success."

# COMING

## Today

### DIVINITY, LAW STUDENTS HAVE PICTURES TAKEN

All graduating students in Divinity, Law, and Graduate Studies are to have their pictures taken at Coronet Studios from 10 am. to 12 am., and 1 pm. to 5 pm. as follows:

A-G Nov. 16

H-N Nov. 17

O-Z Nov. 18

### RABBI LEFFELL TO DISCUSS CONSERVATIVE JUDAISM

The second noon-hour forum in the "Contemporary Approaches to Judaism" series will feature Rabbi A. Bernard Leffell, of the Sharre Zedek Congregation, who will speak on "Conservative Judaism", at 1 pm. at the Hillel House.

### NEWMAN CLUB HOLDS DISCUSSION GROUP

Paul Noble will lead a discussion group at 1 pm. at the Newman House.

### REV. DICKENSON TO DISCUSS "THE CHURCH OF CHRIST"

Reverend J. Dickenson, S.J., will speak on "The Church of Christ" at 8 pm. at the Newman Club.

### PUBLIC ADDRESS COMMITTEE EATS WITHOUT A BEAT

The union will feature Tchaikovsky's Concerto in D major Op. 35, 1st movement and "Oklahoma" from 1-2 pm.

### DON WILSON TO ADDRESS STUDENT CHRISTIAN MOVEMENT

Don Wilson of National S.C.M. will speak on "The American Female—The Lost Sex" at 1 pm. at S.C.M. House, 3625 Oxenden.

### STUDENT CHRISTIAN MOVEMENT STUDY GROUP TO MEET

The study group on Meaning and Purpose will meet at 5 pm. at the S.C.M. House.

### QUADRENNIAL STUDY GROUP MEETS TONIGHT

Don Wilson of the National SCM will lead a discussion at The Life and Mission study group at 6:30 pm. in the Club room of the union.

### DR. JAMES TO ADDRESS THE UKRAINIAN CLUB

Dr. F. Cyril James will officially open the 1959 Ukrainian Week at 8:30 pm. in the union lounge.

### SCHOOL OF ARCHITECTURE HOLDS PUBLIC DEBATE

Mr. Raphael S. Soriano, A.I.A., Architect, will lecture on "Observations upon the actual scene of Architecture and the relating Arts" at 8 pm. in the P.S.C.A.

### SCOPE HOLDS OPEN MEETING

A meeting of Scope will be held

# West Must Unite

by BRUCE STOVEL

"The countries of Western Europe and North America must pool their resources, products and science to form an economic unit". This was the opinion of the Right Honourable Anthony Nutting in a speech on "The Atlantic Partnership" at Redpath Hall Saturday evening.

Mr. Nutting said that this merger must take place within the next five years to prevent the Russians from gaining economic superiority by 1970. He stated that the arena of the struggle for world mastery in the next decade of competitive coexistence will be the underdeveloped and uncommitted countries of Africa and Asia.

Mr. Nutting was introduced by Professor J.R. Mallory, Chairman of the Department of Economics and Political Science at McGill.

First Mr. Nutting considered the present state of Europe. In 1945 Europe was, he said, divided and like "driftwood on the sea of war". Since then, Europe has expanded greatly, so that the Gross National Product of the continent as a whole is now \$230 billion compared to the pre-1939 level of \$85 billion. Mr. Nutting believes that this rise is due to two factors, one of which is the military menace of Russia, resulting in the N.A.T.O. Alliance. The second is the realization of the need to pool resources in order to survive in a world of giants.

Next, in considering the Russian threat, Mr. Nutting said that Russia has achieved "what can only be described as a miracle, going in forty years from a backward nation to the world's second largest industrial producer". Khrushchev has stated that Russia will have the highest living standard and the greatest per capita production in the world by 1970, and has in effect declared economic war on the West. Mr. Nutting stated that this "war" will be fought in Africa and Asia, where Russian loans have great advantages over those of the U.S.

Mr. Nutting thinks that we can face this threat by four measures: 1. We must stop dreaming that Russia will decay into a "nice, cosy, bourgeois decadence". We must face the fact that Russia is rising and confident.

2. The question "What does it matter to us?" has an answer. We must realize that Russia is now producing four times as many technicians as the U.S. and at this rate will corner our market by 1970.

3. We must abandon the idea that Russia will accept a general peace settlement, at least not as long as she is still rising.

4. We must form a political and economic counter-offensive,

an economic N.A.T.O., composed of a high command providing leadership, and Atlantic Payments Union to promote trade by having a standard rate of exchange for all currencies, and an integrated nuclear testing program.

Mr. Nutting, whose speech was presented by the campus organization SCOPE, answered questions from the audience after he delivered his speech.

# Western Storm Downs High Flying UBC Birds

by PHIL SINGER and HENRY MINTZBERG

TORONTO, Nov. 14 — Led by a smashing grand attack, the University of Western Ontario Mustangs today romped to the first Canadian college football title by soundly trouncing the University of B.C. Thunderbirds 34-7 before 2500 fans at Varsity Stadium.

A 200 pound Thunderbird line and an extremely muddy field could not stop the powerful Mustang runners led by Lionel Conacher junior with four touchdowns, Meco Poliziani with one, John Wydareny, and quarterback Frank Cosentino. By virtue of the win, Johnny Metras, in his 25th season as Coach of the Mustangs, takes back to London the Churchill trophy.

## NO CONTEST

It was evident from the opening kick-off that the two teams were not of the same calibre. Offensively, the Mustangs, with a top back field, ran at will on the muddy turf. Defensively, they held Bird runners Jim Olafson, Jack Henwood, and John Morris well in check throughout the afternoon.

Lionel Conacher junior, the "Atom Train", had a field day.

While collecting 4 TD's, he picked up 192 yards rushing in 24 carries.

## HIT QUICKLY

The Mustangs wasted no time, marching 74 yards in 13 plays from the opening kick-off for the first score. Conacher went over standing up from the four yard line. He picked up his second major on the first play in the second quarter, this time from the 8.

Bill Mitchell hoisted a 70 yard kick-off that bounced to the dead ball line to give the Mustangs a 14-0 lead. Mitchell, who won the Inter-collegiate scoring title, will probably be seen in an Alouette uniform next year.

The next time they had possession, the Eastern Inter-collegiate champions counted again Meco Poliziani fell, got up, and

ran 7 yards for the touchdown. The major was set up by a 22 yard Cosentino to Conacher pass.

## DEFENCE TIGHTENS

In the second half the Bird defence tightened holding the Mustangs to two converted majors, while the Vancouverites picked up one.

The picture play of the game came on a screen pass to Conacher, got into the open, and outran Bird defenders for the 69 yard touchdown. Mitchell's convert made the score 34-0.

With 3 minutes remaining the Birds went to the air with the hope of preventing a shut out led by Jack Henwood, Roy Blanco, and Jon Morris, UBC brought the ball to the one yard line. Third down, Jim Olafson went around the end to score. Dave Barker made the convert and the game ended with the Birds on the short end of the 34-7 score.

# Gals Begin Bowling

The Women's Bowling Club is again holding an Intramural Bowling Tournament starting today. A team of two girls may enter the tournament as representatives of a faculty, fraternity, or residence. All entrants must bowl three strings and turn in her score card so as to be reimbursed for the cost of the tournament.

The tourney will continue throughout the week of November 16. The bowlette with the highest score will be declared intramural bowling champ and the team will be awarded the intramural crown. High scorers may form a squad which will compete against outside teams.

## INTERMEDIATE HOCKEY

Practices commence

5:00 P.M.

Monday November 16

Candidates are asked to

register at the Athletics

Office before 4:00 P.M. Monday.

# The McGill Soccerroos Clout Sir George 6-3

The McGill Soccer team ended the season on a highly successful note by defeating Sir George Williams College 6-3 here at McGill on Saturday. Led by Alaister Ballantyne who scored a hat-trick, the McGill XI quickly adapted to the atrocious conditions and within 15 minutes they were leading 3-0 on goals by Costa (2) and Ballantyne.

Sir George fought back through the mud and managed to make the score 3-2 by half-time, but in the second half McGill took complete command and further goals by Ballantyne (2) and Mike Berry settled the issue beyond a doubt.

With a final record of 5 wins, 2 losses and 1 draw in 8 games, Coach Cleary and his team can look back on a very satisfactory year. Needless to say the biggest disappointment for all concerned was the loss to the University of Toronto in Toronto after having beaten the latter here in Montreal. However only two or three of this year's team won't be back next season and so perhaps in 1960 McGill can regain the intercollegiate title which was relinquished three years ago.

## Women's Sports

### Schedule

MONDAY, NOVEMBER 16

FENCING: Meeting of the Fencing Club 7-10 pm in the Currie gym.  
OPEN MEETING: Semi-annual meeting of the WAA 1 pm in RVC.  
SWIMMING: Intercollegiate team practices as follows: 11:30-12:30 pm synchronized; 5-6 speed.

# Harasimowicz Hansen Stefl Elected To All Star Squad

TORONTO, Nov. 13 — Three Redmen along with 10 Mustangs, 3 Blues and one lonely Gael made the 1959 Canadian Press senior intercollegiate All Star football team.

Lionel Conacher, a bulldozing fullback considered by many football observers as the hottest professional prospect in Canadian collegiate ranks, is the only unanimous choice on the 1959 team. Conacher, who led the Mustangs to the league title as the league's leading ground gainer, was joined by five teammates on the offensive team and four other Mustangs on the defensive unit.

Toronto added four more to the offensive spot with McGill contributing the remaining two. The two from McGill were Carl Hansen and Tom Stefl who were the only All Stars to make both

the offensive and defensive teams. Paul Harasimowicz, the other grinder from the McGill squad, was accompanied by four Blues and a lonely Gael straggler to the defensive spot.

One of the disappointments of the 59 predictions was that Chuck Wood, a 205 lb. centre from McGill didn't make the team.

## DEFENSIVE TEAM

Safety — Roger Stewart, Western.  
Half — Ian Knowles, Toronto.  
Half — Carl Hansen, McGill.  
Corner linebacker — Terry Porter, Queen's.  
Corner linebacker — Paul Burroughs, Toronto.  
Inside linebacker — Wayne Neal, Western.  
Inside linebacker — Milt Jewell, Toronto.  
Middle guard — Bill Mitchell, Western.

Tackle — Tom Stefl, McGill.  
Tackle — Paul Harasimowicz, McGill.  
End — Doug Baird, Toronto.  
End — Ed Mularchyk, Western.

## OFFENSIVE TEAM

Half (flanker) — Bobby Dann, Toronto.  
Half — Lionel Conacher, Jr., Western.  
Half — Carl Hansen, McGill.  
Half — Meco Poliziani, Western.  
Quarter — Frank Cosentino, Western.  
Centre — John Metras, Western.  
Guard — Morgan Dever, Toronto.  
Guard — Jim Edgar, Western.  
Tackle — Tom Stefl, McGill.  
Tackle — Weldon Thoburn, Toronto.  
End — Mike Muir, Toronto.  
End — Bob Pearson, Western.

## 1960 DUPONT 1960 CANADA

## EMPLOYMENT OPPORTUNITIES

Representatives of our Company will be conducting employment interviews on the campus 23rd, 24th, and 25th November and will be glad to discuss our requirements for regular and summer employment with graduating students and undergraduates.

### Regular Employment

For graduating students in arts, commerce, business administration, economics, statistics and general science, there are openings in financial and control work, statistics, sales, traffic and personnel.

### Summer Employment

There are approximately 114 summer openings for undergraduates as assistants to process and development engineers in the technical department of the plants and as assistants to design engineers on current projects at the plants and Head Office. There are openings also as vacation relief in production, laboratories, accounting and sales. Applications for employment during 1960 are invited from male students in the courses and years listed:

	Class of 1961	1962	1963
Chemical Engineering	x	x	x
Mechanical Engineering	x	x	
Electrical Engineering	x	x	
Engineering Physics	x		
Chemistry (Honours or Major)	x	x	x
Commerce or Bus. Administration	x	x	
Arts	x	x	

Application forms, details of actual openings and interview appointments can be obtained through Mr. R. C. Coleman, Director, Placement Service.
